

# AMARILLO BOTANICAL GARDENS

## "ADOPT-A-SPOT" & "ADOPT-A-POT"

### "Adopt-a-Spot" Sponsor

A \$1,500 gift gives sponsors the opportunity to have an impact in a small, specific area of the Gardens for one year or a \$750 gift would "Adopt a Spot" for one season. The funds will provide for things like annual and perennial plantings for the adopted spot, identifying plant signage, mulch, maintenance, seasonal bulbs and other expenses.

Identification markers with the sponsor's name and/or honoree's name will be displayed at their adopted spot.

### "Adopt-a-Pot" Sponsor

"Adopt a Pot" gifts support the expense of one large pot on the Gardens' grounds. A \$250 gift will purchase a new pot or fill an existing pot with seasonal plantings for a year as well as signage, maintenance, and irrigation expense, for example. A \$100 "Adopt a Pot" gift will underwrite costs for a single season.

These gifts allow the Gardens to emphasize annuals and seasonal color, as well as place unusual plantings in priority locations throughout the year. Identification markers with the sponsor's name and/or honoree's name will be displayed at their adopted pot.
